St. Augustine parish is an open, diverse, and active Roman Catholic community rooted in the Gospel of Jesus Christ and founded in the Augustinian Tradition. We invite all to participate in our worship, service to others, and our faith development. These endeavors allow us to grow in the knowledge of God present in ourselves and each other. Our community joyfully welcomes all who are searching for a spiritual center to call home.

A Biographical Sketch of an Augustinian Saint....

**St. William The Hermit & Blessed John the Good
♦ October 16th ♦**

St. William was French; he is also known as William the Great, or William of Malavalle. After his conversion from sin he became a hermit and lived in different parts of Tuscany. He died on February 10, 1157, at Malavalle near Castiglione della Pescaia (Grosseto, Italy). He was a great lover of contemplation. After his death two of his followers founded the Order of Saint William, which was incorporated into the Augustinian Order at the Great Union in 1256. However, the exception of a few, most of the Williamites withdrew from the Order a short time later. The Augustinians have venerated St. William since the 13th century. **Blessed John the Good** at

first led a life of frivolity as a court jester, but during a serious illness he vowed to change his ways, and when he recovered he became a hermit. His fame soon spread, and he gathered many disciples. And so his Order (Budrioli) was born. He died in Mantua on October 16, 1249, and there in the former Augustinian church of Saint Agnes his remains are preserved. He was noteworthy for his spirit of penance, for his trusty in God and love of the Church. His Order joined the Augustinians at the Union of 1256. In the Bull *Licet Sedes Apostolica* in 1483, Pope Sixtus IV approved his cult, and his name was entered in the Roman Martyrology. The privilege of an Office in his honour was granted to the Order in 1672.

"Plants are really the best mulch on earth. Don't get me wrong, we're not against using mulch at all, but mulch should only be temporary in your garden, to fill gaps between plants until they are more established...[to] suppress an early wave of sun-loving weed species. But then we really want plants to grow in as they can and cover the soil."
